ROBERT EDGRENGIANTS PULLING
FOR CUBS TO WIN
LAST TWO GAMES

McGraw's Men Have Better Chance to Win Championship if Chicago Can Trim Pittsburg Pirates on Sunday.

BY ROZEMAN BULGER.

(Special to The Evening World.)
PHILADELPHIA, Oct. 3.—The Giants have turned in the last stretch of the triangular race for the pennant. The Pirates are in the lead by a fractional part of one point, but New York has the windward position and is in a position to hit up a clip that is unbeatable. By winning the remaining four games the Giants can breeze in without regard to the "game" protest or the future action of the Board of Directors. Pittsburgh has two games to play and the chances are against its winning both. The second is with Chicago.

The Cubs have two games to play and are likely to win both. If Chicago should win both games the Giants can lose one out of their four and still make a tie with the Cubs. The pennant would then depend on the ultimate decision over the protested game. The Giants are pulling for Chicago to win the afternoon and for Pittsburgh to lose. They figure that if the Cubs win today they will play their heads off to beat the Pirates tomorrow.

Pirates Are Dangerous.
The Pirates are more dangerous just now. If the Giants should win only three out of their four games and the Pirates should win both of theirs the Pirates would win out by a narrow margin, unless the Board of Directors gave the protested game to the Giants. It can be seen, therefore, that the only thing for the Giants to do is to eliminate all doubt in the matter and clean up the remaining four games.

This can be done, and McGraw says it will be done.
He is going to pitch Mathewson today, and there is every reason to believe that Earl Moore, the former Highlander, will pitch for Philadelphia. On the face of things, that looks as if the Giants ought to win. The New York club is in much better shape this morning, and the cloud of trouble is beginning to show streaks of light and sunshine. Donlin's leg has come around into shape through a system of vigorous massaging, and yesterday he showed little inclination to hobble. He proved on one occasion that he could run when he had to. Breenahan is also in much better shape, and he will catch again today.

Breenahan's Great Record.
Roger Breenahan has broken all catching records of recent years with his performance of this year, and he will go down in baseball history as one of the most tireless workers the game has ever known. He has caught up to this time 124 games, and his catching number was a little more than 100 games caught by Johnny Kling.

There are only 154 games to play in a season, and Breenahan will catch the next four. At the end of the season he will have caught 138 games out of 154. That record will be hard to beat.
At this time, with the season about over, it might be a good time to bring to attention the work of some of the other players on the New York club. While we have had great stars in the field, phenomenal batters and wonderful
